WE MAKE THEM VISIBLE

समाज का अदृश्य तारा भारतीय विद्या भवन में आकर चमकेगा

INVISIBLE STARS of Society - Bharatiya Vidya Bhavan makes them visible

Day alone cannot exist, similarly Night alone also cannot exist. We always experience both together. Similarly this world has good people as well as bad people. Unfortunately Media, TV and Newspaper talks lot about bad people and they hardly have any interest to highlight good or average people from society.

Now our students of Bharatiya Vidya Bhavan's, Film & TV Studies (BVBFTS) are in the process of promoting and encouraging less known '**Good People**' among our society. You must be observing and experiencing several good people around you, who are in the process of doing something positive for society. We have seen good people helping other needy people without any monetary gain. Such as.....

1. 'Good People' conduct Yoga classes and fitness classes every morning, for their neighbours in the park of the colony.
2. 'Good People' offer coaching classes to slum children, to educate them and make them progress in their life.
3. 'Good People' offer free medical help to needy and poor people in exchange of their blessings only.
4. Good People' offer help in any emergency. The right help at right time.
5. 'Good People' install water cooler and provide shelter to relax, to poor labour working whole day in hot sun.
6. 'Good People' offer food regularly to stray animals, Dogs, Cats, Birds, Cattles, etc.
7. 'Good People' offer Medical help to injured or sick stray animals, Birds, Cattles etc.
8. 'Good People' collect old cloths and house hold items from different families and distribute them free of cost to poor and needy.

9. 'Good People' offer sweets and other eatables during festival time of Diwali, Holi, Eid, etc.
10. 'Good People' who offer shelter and support to old people and give them love and affection, towards end of their life, without any expectation.

Apart from such Good people - We call them social workers - We also notice few people, who show extra ordinary talent in their day to day life. Those people may not get any appreciation from their respective school, parents or member of society. But now Bharatiya Vidya Bhavan will help them to shine. If you know anybody with exclusive talent such as:

1. Exclusive physical strength - He / She can do something what others cannot do.
